

# Privacy Statement

Bayer CropScience Schweiz AG (hereinafter “us”, “our” and “we”), in its capacity as controller for the processing of your personal data, wishes to provide you with information on the processing of your personal data.

## Handling of personal data

In the following, we explain the purpose(s) of processing as well as related to each purpose, the categories of personal data, the legal basis, the retention period and either the source from which the data originate or, if collected from the data subject, whether the provision is a requirement and the possible consequences of failure to provide:

### Construct Agriculture Carbon Footprint of Agraz

“We use your contact information (e.g. your Farmers name, trading (company) name, address, telephone numbers and e-mail addresses, contact of the field) of the field participating in the Carbon Project held between <to be completed with farmer name>, to contact you by phone or e- mail and carry out an extensive soil sample. The result of the soil sample will be used for establishing the lever of Soil Organic Carbon (SOC), amongst other soil health indicators. The soil sample will be taken by a third party designed and communicate by Bayer. The agronomic information (inputs used on the fields & outputs) is used to help to calculate the Green House Gas (GHG) emissions using the Cool Farm Tool Calculator. With the result of the SOC + the GHG emission, we will be able to construct the baseline of <to be completed with farmer name> Agriculture Carbon Footprint”

The legal basis for the processing of your data for therefore mentioned purpose is your consent, Art. 6 (1) (a) General Data Protection Regulation (“GDPR”).

We received your personal data through Agraz

“We will store your personal data for the aforementioned purposes no longer than for 3 years after is finished the Carbon Project with <to be completed with farmer name>, unless a longer period may be required by applicable laws.”

## Recipients of personal data

### Commissioned processing

For the processing of your personal data, we will to some extent use specialized service contractors that process your data on our behalf (e.g. for IT-Support or cloud services).

Such service contractors are carefully selected and regularly monitored by us. Based on respective data processing agreements, they will only process personal data in accordance with our instructions.

### Affiliates

We may share your personal data with our affiliates from the Bayer Group, where necessary for the purposes described above.

### Authorities and state institutions

RESTRICTED

We may share your personal data with law enforcement agencies or other authorities and state institutions if legally required or necessary for the purposes described above.

### **External lawyers**

In order to support legal decisions and to pursue or defend against legal claims, we may share your personal data with external lawyers.

### **Prospective buyers in the context of Mergers & Acquisitions**

We may share your personal data with a prospective buyer in case of an acquisition, merger or any other type of corporate or asset transition involving a change of ownership or control concerning us or our services.

### **Soil Laboratory**

For coordinating and taking the soil sample in the field participating in the Carbon Project of **<to be completed with farmer name>**, in order to analyze it and estimate the value of Soil Organic Carbon (SOC)
